**Up**

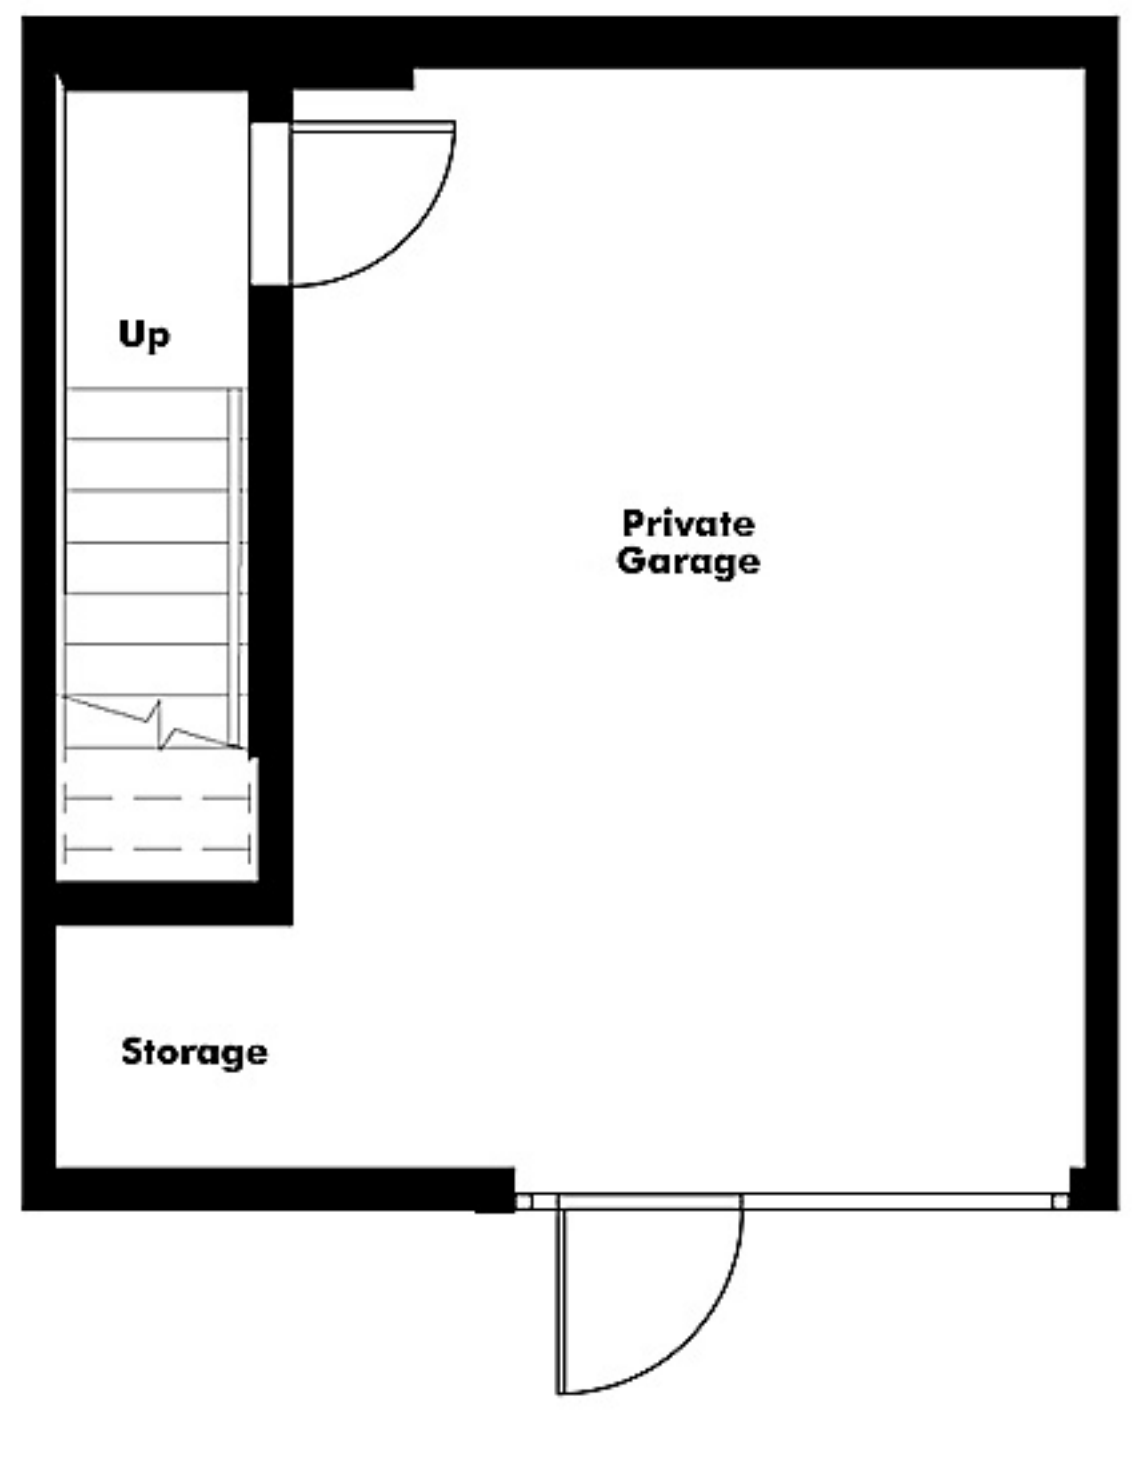

A floor plan diagram of a garage area. The plan is bounded by a thick black line. On the left, a staircase is shown with the word 'Up' above it. To the right of the stairs is a rectangular room labeled 'Mech/Storage'. Below this room is another rectangular area labeled 'Storage'. The rightmost portion of the plan is a large, irregularly shaped area labeled 'Private Garage'. There are several door openings: two at the top, one between the 'Mech/Storage' and 'Storage' areas, and one at the bottom center leading to an exterior area.

**Private  
Garage**

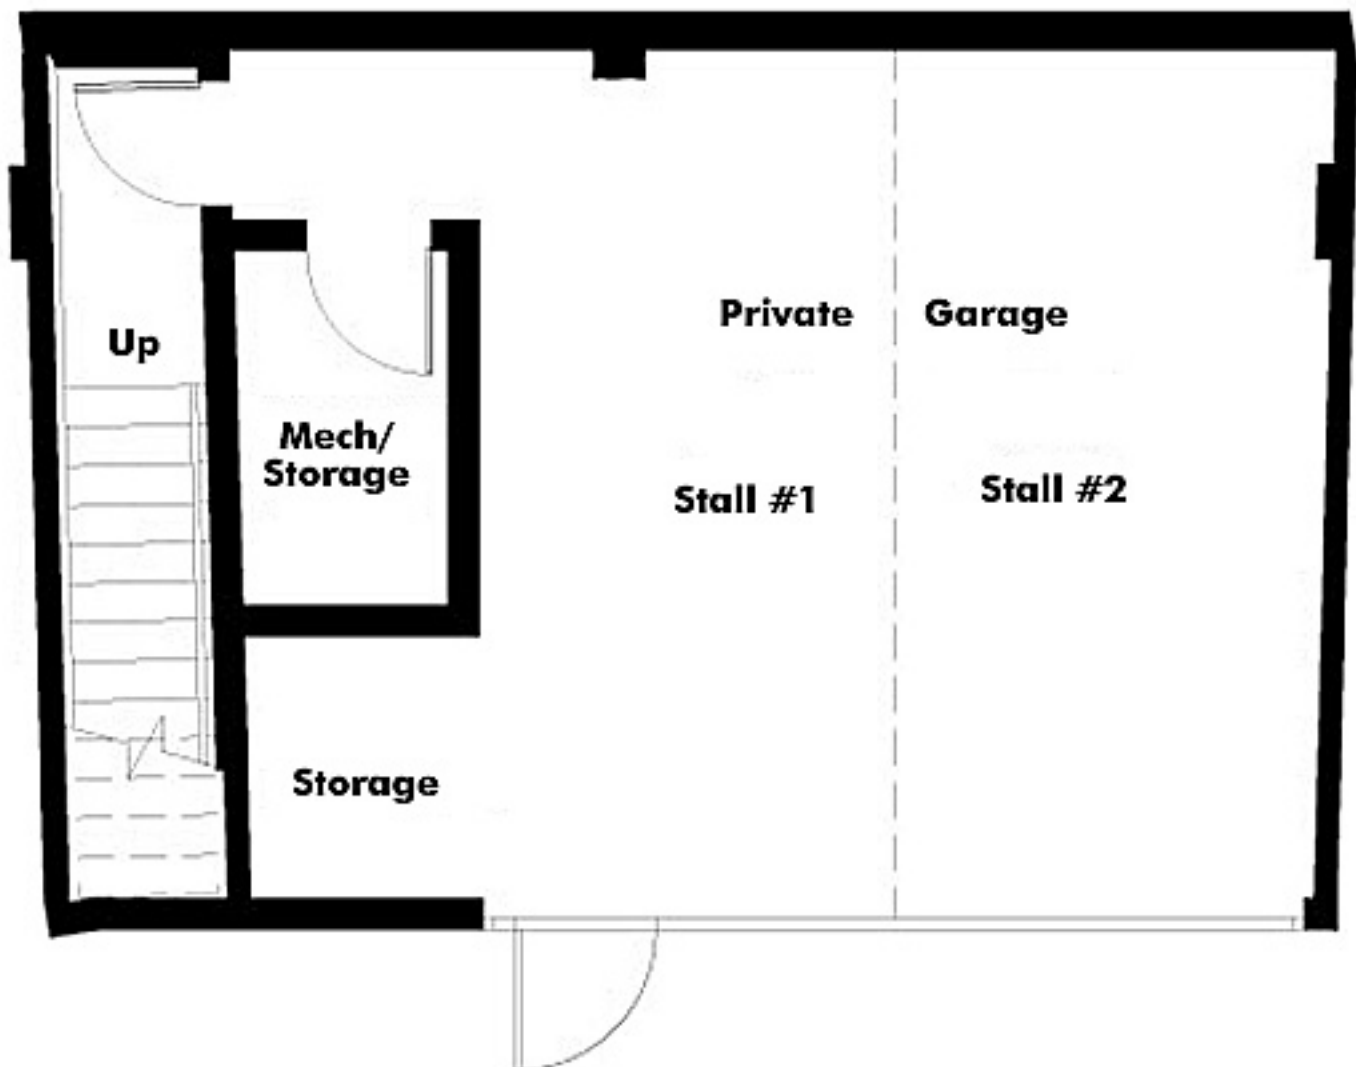

A floor plan diagram showing a large rectangular area labeled "Private Garage". To the left of the garage is a vertical strip containing a staircase labeled "Up" and a storage area labeled "Storage". The staircase has several steps and a handrail. The storage area is indicated by dashed lines. There are two door openings: one at the top left of the garage area and another at the bottom center of the garage area, both shown with quarter-circle arcs indicating the door's swing.

Garage**

This is a floor plan of a private garage. The main area is a large rectangle. On the right side, there is a vertical section containing a staircase labeled 'Up' and a storage area labeled 'Storage'. The staircase has several steps. The storage area is at the bottom right. There are two door openings: one at the top right and one at the bottom center.

**Up**

A floor plan diagram showing a building layout. On the left is a staircase labeled 'Up'. To its right is a room labeled 'Mech/Storage'. Below that is another room labeled 'Storage'. The central area is a large open space labeled 'Private Stall #1'. To the right of this is a large open space labeled 'Garage Stall #2'. A dashed line separates the central area from the garage area. A door is shown at the bottom center of the plan.

**Up**

A floor plan diagram of a restroom. On the left side, there is a vertical corridor. At the top of this corridor is a staircase labeled 'Up'. Below the staircase is a door that opens into the main restroom area. At the bottom of the corridor is an elevator labeled 'Elevator'. The main restroom area is divided into two stalls by a vertical dashed line. The left stall is labeled 'Private Stall #1' and the right stall is labeled 'Garage Stall #2'. There are two doors: one at the top left leading to the stairs and another at the bottom left leading to the elevator. The entire room is enclosed by a thick black border.

**Stall #1**

**Stall #2**

**Elevator**

A floor plan diagram of a building. On the left is a vertical corridor with stairs labeled 'Up'. To the right of the stairs are three rooms: 'Storage', 'Mech/Storage', and 'Elevator'. The 'Elevator' is at the bottom and is outlined with a dashed line. To the right of these rooms are three large stalls labeled 'Stall #1', 'Stall #2', and 'Stall #3'. 'Stall #2' is designated as a 'Private Garage'. A thick black line runs along the top and right edges of the plan. A door is shown at the bottom center, opening into the area between the left rooms and the stalls.

**Up**

The diagram is a floor plan of a garage area. It features two large rectangular stalls, 'Private Garage Stall #1' on the left and 'Private Garage Stall #2' on the right. Between these stalls is a narrow vertical corridor containing a staircase with an 'Up' arrow pointing towards the top. To the right of Stall #2 is a vertical strip containing two smaller rectangular areas: 'Mech/Storage' at the top and 'Storage' at the bottom. A door is shown at the bottom center of the plan, leading into the main area. The walls are represented by thick black lines, and the staircase is shown with horizontal lines for steps.

**Storage**

A floor plan diagram of a garage area. The plan is divided into several sections by thick black lines representing walls. On the left is a large rectangular area labeled 'Private Garage Stall #1'. To its right is a narrow vertical section containing a staircase with an 'Up' arrow pointing towards the top. Further right is another large rectangular area labeled 'Private Garage Stall #2'. To the right of Stall #2 are two smaller rectangular areas stacked vertically. The top one is labeled 'Mech/Storage' and the bottom one is labeled 'Storage'. Each of these two areas has a door opening into Stall #2, indicated by a quarter-circle arc. At the bottom center of the plan, there is a small rectangular area with a door opening outwards, also indicated by a quarter-circle arc.

This architectural floor plan depicts a rectangular roof garden. The garden is enclosed by a low wall, with a series of small circles along the top edge, possibly representing a drainage system. A central area is labeled "Roof Garden". On the left side, there is a rectangular structure with a dashed line inside, labeled "Dn". The garden is bordered by a series of rectangular planters or beds. At the bottom of the plan, there is a trapezoidal structure, likely a planter or a small garden bed, and a larger rectangular area below it, possibly a walkway or a larger planter bed.
